# Hospital Stretchers

ToronCare™ Stretcher Series

TORONTECH.COM

The Torontech group is proud to be a Canadian corporation headquartered in Toronto; the commercial, technical, and economic hub of Canada. With offices and an extensive network in the USA as well as other international markets, we are uniquely prepared to provide turn-key solutions for our customers and clients around the globe. At Torontech our quality and variety of products support many industries. Our advantage is sustainable growth in our product lines and providing the best products. We currently offer a wide range of hospital beds, operating tables, birthing beds, dental units and surgical lights that are cost-effective, ergonomic, and optimized for all surgical and medical functionality. Also we offer a wide range of Pharmaceutical testers that fully satisfies pharmaceutical functionality as well as cost savings.

Creating comprehensive solutions for our clients has always been a core value of our company. From sales, to order execution, and post-sales support; every staff member is here to help you choose and implement the solution that best suits your unique requirements.

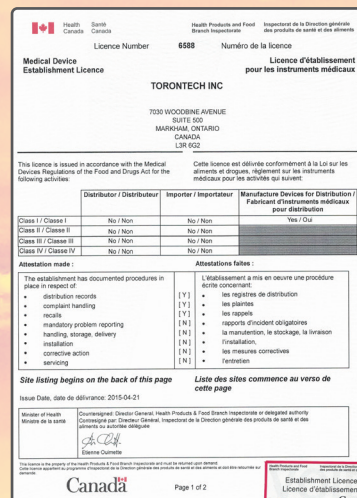

Since inception, we have succeeded in only offering quality manufactured products that are trusted worldwide. We offer the best value for your investment and provide world-class support. In the past few years, Torontech has grown remarkably in numerous industries, but especially in Medical and Pharmaceutical systems. The growth has given us the opportunity to serve many well-known global and North American Organizations, Pharmaceutical, Companies, Hospitals, Clinics & other Healthcare establishments.

## Other Medical Equipment

### Hospital Beds

The ToronCare series Hospital and ICU/CCU beds have been designed to meet both current and future standards for hospital equipment, and are equipped with a CPR quick release handle to immediately change positioning in emergency situations.

### Birthing Bed

ToronComfort™ 1000 Birthing Bed has been carefully engineered to provide the most comfortable positions for women during childbirth.

- It has three positioning functions: up & down, Trendelenburg, and the back section.
- Low minimum height (620 mm) provides easy access to the bed.

### Surgical Lights

ToronLight™ is a state of the art surgical light, designed and manufactured according to the highest industry standards. The surgical light provides exceptional site illumination to create the optimal environment for even the most critical situations.

### Operating Tables

At Torontech our quality and variety of products support many industries. Our advantage is sustainable growth in our product lines and providing the best products. We currently offer a wide range of operating tables that fully satisfies surgical and medical functionality as well as cost savings.
